

Hyde Park

ENVIRONMENTAL

**Be
Winter
Prepared.**

Ensure your business is winter prepared,
whatever the industry.

Assess.

Complete assessments of your workplace to ensure you are aware of all the risks

Determine who is responsible for carrying out the necessary tasks in preparation for winter.

Delegate.

Protect.

Provide your staff with the necessary PPE to ensure a high level of protection for all.

Determine your plan of action for each potential threat that could arise over the winter.

Strategise.

Secure.

Ensure your building/workplace is secure and prepped for the harshest weather conditions.

Communicate.

Communication with your colleagues is key.
